Paris - La Défense, 13 December 2024.

*Sir, Madam, Dear Customers,*

Thank you for the trust you place in our management and are pleased to count you among the unitholders of the UCITS mentioned above (hereinafter the 'Funds').

In anticipation of the entry into force on 1 January 2025 of the new guidelines for SRI (Socially Responsible Investment) funds or funds applying for the label, we inform you that the regulatory documentation of the funds will be amended on 19 December 2024.

The amendments mainly concern the alignment with the new provisions of the new SRI framework, the extra financial approach ('ESG') and the selectivity method, the coverage rates of the extra financial performance indicators used by the Funds, and the application of exclusions linked to the SRI label, and or falling within, the exclusions applicable to the 'Paris Agreement' benchmarks of Delegated Regulation (EU) 2020/1818).

In addition to the above mentioned changes that do not alter the investment objective of your Fund or its risk/return profile, we inform you that we also have:

- taken into account 'Tobacco' as one of the sectoral exclusions in the same way as those relating to controversial weapons, agricultural raw materials, the protection of ecosystems, deforestation or climate related risks;
- update the wording of certain references to the pre contractual information appendices of the Funds.

The other features of your Funds remain unchanged. These changes do not imply any specific action on your part and have no impact on your Funds in terms of management objective, risk/return profile or costs incurred.

The regulatory documentation of the Funds updated accordingly will be available on the website: <https://funds.axa-im.com/> as of 19 December 2024.

Please also note that all regulatory documentation will be available upon written request from:
